API Auditors

FROM: API Monogram Program

RE: API Spec 16A Licensing Information Form changes

Please be advised that the **API Spec 16A Licensing Information Form** has been updated with the addition of a product. The change to the API Spec 16A Licensing Information Form include:

- **The addition of Spacer Spools (product name is now “Drilling Spools and Spacer Spools”)**

There are no immediate actions required by the licensed organizations. The scope of API 16A licensed manufacturers will be revised as necessary once the verification of conformity to the requirements is demonstrated during the next scheduled API audit.

The updated API Spec 16A Licensing Information Form can be found on the API website at: [API Monogram & APIQR: Resources](#).

A copy of this notification can be found on the API website at: [API Monogram/APIQR: Program & Spec Updates](#).

The licensed or applicant organization is required to maintain at least one copy of the most current edition of the English language version of API Spec Q1 and the API Product Specification(s) under which it is licensed or seeking licensure. Current API publications may be purchased in the [API Monogram Web Store](#).

For any questions regarding the changes to the Licensing program for API Spec 16A, please contact us at certification@api.org.

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

Sincerely,

Sharon Bowie
Manager, Monogram/APIQR
