TO: API 20F Monogram Licensees & Applicants
API Auditors

FROM: API Monogram/APIQR Programs
RE: API Spec 20F Licensing Information Form

Please be advised that an updated Licensing Information Form for API 20F – *Corrosion Resistant Bolting*, has been posted to the API website: [Monogram Licenses & Licensing Information Forms](#).

The only change is:

- From: Cold Headed Bolts, Screws, and Nuts
- To: Cold Formed Bolts, Screws, and Nuts

API Monogram Licensing Information Forms list the products that can be licensed under a particular API specification or standard and will help your organization determine the best scope for your API Monogram License(s).

When submitting your Renewal application in the myCerts Portal, you will have the ability to select the desired products at that time. Use the Licensing Information Forms when requesting a change to the scope of your current license in-between Renewal applications. Send completed forms and inquiries to certification@api.org.

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry. View all API Monogram/APIQR Notifications on the API website at: [API Monogram & APIQR: Advisories & Updates](#).

Together, we can [Power Past Impossible!](#)

Sincerely,

Sharon Bowie
Manager of Operations, Monogram/APIQR
