

ANOTHER BAD IDEA FROM WASHINGTON:
HIGHER TAXES THAT COULD LEAD TO
HIGHER GAS PRICES.

In speech after speech President Obama is calling for higher taxes on energy producers to pay for more spending.

Independent analysts* say Obama's tax hike plan could actually raise gas prices. That would mean families pay more and our economy gets hurt.

Now the U.S. Senate is about to vote on higher energy taxes like the ones President Obama wants.

HIGHER TAXES WON'T LOWER GAS PRICES.

Call Senator Kay Hagan
at 202-224-6342
and tell her to vote against higher taxes.
