### **PROFESSIONAL SUMMARY:**

Joined API in January 2012 where he is the Manager for API's new Process Safety Site Assessment Program.

Currently has 36 years of health and safety experience in the petroleum industry. Prior to joining API, worked 22 years with Sunoco, Inc. where for 17 years was responsible for running Sunoco's HES Audits program. Additionally, for fifteen years compiled and wrote Sunoco's Annual Corporate Responsibility Report.

Prior to joining Sunoco, worked for Gulf Oil/Chevron in their pipeline (1997 - 1984), research (1984 - 1987) and chemicals (1987 - 1990) business units.

### **AUDITING AND ASSESSMENT BACKGROUND:**

Currently runs the API PSSAP program and lead many of the assessments as well, as doing the initial coordination and Leadership protocol. Planned and conducted nearly 500 compliance audits and management systems audits while at Sunoco.

### **EDUCATION / TRAINING:**

BS Environmental Engineering: Syracuse University, 1977  
CSP  
CPEA (Health & Safety; Management Systems; Responsible Care)  
CPSA
