The U.S. oil and natural gas industry supports more than 9 million jobs nationwide, supports over 7% of GDP,¹ and contributes more than \$86 million to the Federal Treasury every day.

The people of the oil and natural gas industry are a critical part of Michigan's economy.

What does this currently mean for Michigan...

162,380	Total statewide jobs provided or supported by our industry ¹
\$62,408	Average salary for non-gas station oil & natural gas employees ²
\$43,631	Annual average salary in MI across all industries and sectors ²
\$8.3 billion	Contribution to MI labor income ¹
\$16.8 billion	Contribution to MI economy ¹

However, with sensible energy development and sound tax policies, Michigan could realize...³

- 2,428 additional jobs created by 2015 and 4,426 additional jobs created by 2020 supported by oil and natural gas industry operations in MI

A Harris Interactive poll released in January 2012 found that **70%** of American voters favor increased access to U.S. oil and natural gas resources, and similar numbers believe more oil and natural gas development would provide major benefits to the nation, including more U.S. jobs.⁴
