
2015 International Conference on Oil&Gas Pipeline and Line Pipes

Invitation for Sponsors and Exhibitors

In recent years, the construction of high grade, large diameter and long distance natural gas pipeline and complicated product oil pipeline is still in the ascendant in the world.

For the purpose of promoting the development of new theory and technology in pipeline construction and operation as well as strengthening international pipeline related technology communication and cooperation, TGRI, API, Petroleum Tubular Goods Committee of CPS and CNPC Key Laboratory for Petroleum Tubular Engineering is going to jointly hold the “2015 International Conference on Oil&Gas Pipeline and Line Pipes (ICPLP2015)” on April 27th~28th, 2015. The topics include pipeline design & construction, material & welding, operation & maintenance, pipeline/station facility integrity management, tubular inspection & monitoring, Pipeline in Northern and Offshore Environments, strain-based design, corrosion & coating, failure analysis and standards & regulations, etc. Many experts and researchers from worldwide oil& gas pipeline companies, tubular goods manufacturers, pipeline construction companies and famous research institutes will be present at the meeting. Furthermore, Academician Li Helin and Huang Weihe of CNPC, Mr. J.Malcolm Gray and Professor Sundaresa Subramanian, etc. will make excellent presentations. Also, leaders and experts from CNPC, API, CPS, SINOPEC, CNOOC will also be present at the conference.

The conference sincerely invites worldwide companies to attend the meeting as well as to encourage experts and researchers to submit papers.

Meanwhile, to ensure success and quality of the conference, we sincerely invite you to be one of the sponsors and/or exhibitors, as follows:

1. Sponsors

● **Obligation**

If agree to be a sponsor, please support the conference financially. Please contact the conference secretariat for details.

● **Rights**
