

A NEW ERA IN AMERICAN ENERGY

Join American Petroleum Institute's (API) President & CEO Jack Gerard for an exclusive briefing and be the first to hear findings from a new policy study conducted by industry experts Wood Mackenzie.

A panel of leading energy stakeholders will discuss the importance of an all of the above approach to U.S. energy policies and a pro-growth strategy for our energy future leading up to the 2016 elections.

Framing the energy debate starts here.

AGENDA

Release of Wood Mackenzie study: A Comparison of U.S. Oil and Natural Gas Policies — Pro-Development vs. Proposed Regulatory Constraints.

Findings presented by American Petroleum Institute (API) President and CEO Jack Gerard.
