RE: API Specification 11B Licensing Information Form update

Please be advised that the Monogram Program has updated the API Specification 11B Licensing Information Form (LIF).

The following changes have been made to the API 11B Licensing Information Form:

- Removal of the product "Threading"

Organizations will no longer have the option to submit an application for an API Spec 11B Threading License and the product will be withdrawn from existing API Spec 11B licenses by October 1, 2024. Any other products in your existing API Spec 11B licenses are not impacted. No further action by clients is needed regarding this update.

The updated API Specification 11B Licensing Information Form can be found on the API website at API Monogram & APIQR Program Documents/Licensing Information Forms.

A copy of this notification can be found on the API website at API Monogram & APIQR: Latest Updates.

For any questions regarding the changes to the Licensing program for API Specification 11B, please contact us at www.api.org/ContactMonogram.

Thank you for your continued participation in the API Monogram Program and your dedication to quality.

Sincerely,

Kevin Ferrick
Senior Director, API Monogram Program /APIQR
