Errata 1

Section I.2.2: The third paragraph shall be replaced with the following:

When FEA has identified plastic strain in excess of 0.2 %, a ratcheting analysis shall be performed per ASME BPVC, Section VIII, Division 3, Article KD-234, or ASME BPVC, Section VIII, Division 2, Section 5.5.7. The material performance data shall be obtained via testing performed as defined in section I.2.4.
