RE: Addendum 2 to API Specification 20A

Please be advised that Addendum 2 to API Specification 20A, Carbon Steel, Alloy Steel, Stainless Steel, and Nickel Base Alloy Castings for Use in the Petroleum and Natural Gas Industry, First Edition, March 2012, has been published and should be kept with your copies of API Spec 20A.

- The Date of Issue of this addendum is April 2015
- The Effective Date of this addendum is October 9, 2015

Please note that this document requires your review and attention. Your facility should ensure that all errata are incorporated into your quality management system and that affected personnel are trained on the new requirements. Additionally, please evaluate the effectiveness of all training provided and ensure all personnel are competent to perform the required activities. This should be completed as soon as possible. These actions will be reviewed at your next scheduled audit.

You may find this, and any other errata and addendum that may be applicable to your license(s) or application(s), on our website at:

http://www.api.org/Standards/addenda/add-ep.cfm

We thank you for your continued interest and support.
