

HOW TO ENROLL

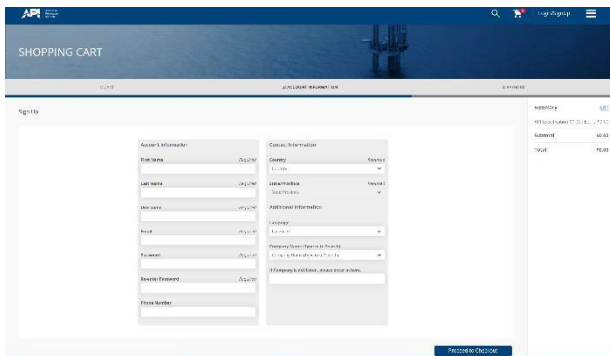

Before beginning the enrollment process, please ensure that you have reviewed the third-party training provider's requirements for this course by clicking the "registration fees and training provider policies" link on the API-U Calendar.

- Click on the **Register** button.
- A new window will open directing you to the API training site, apilearning.org.
- The selected training session will appear in your online Shopping Cart (*Please Note that although the price displayed is \$0.00, there is a registration fee for the course. The third-party training provider will communicate payment information and instructions to you by email after you complete the online enrollment process*).
- Continue by clicking "Proceed to Checkout".

- If you have an apilearning.org account, enter your username and password.
- If you do not have an account, click on the Sign Up button.
- You will be re-directed to a Sign Up page.

- On the Sign Up page, fill out the required fields to create an apilearning.org account. This account will be used throughout this training course session and will also give you access to other API training courses and resources.
- Once the form is complete, click on "Proceed to Checkout" and follow the instructions to finalize the course enrollment.
- You will receive an email confirming your online enrollment, as well as an email directly from the training provider to collect payment. Your enrollment is considered final once payment for the course is received by the training provider.
