

ENERGY WORKS

America's oil and natural gas industry currently supports 9.8 million jobs throughout the economy.¹ Some in Congress are proposing and considering targeted tax increases for only U.S. oil and gas companies. The impact of such could compromise these high-paying union and non-union jobs, threaten our energy security and decrease American companies' competitiveness with foreign based operations.

The people of
PENNSYLVANIA

are part of the oil and natural gas industry.

4,960,613	Total employment for all industries and sectors in PA
\$50,311	Average annual salary in PA across all industries and sectors
339,000	Direct, indirect, induced jobs provided by oil & gas industry in PA
\$84,353	Average annual non-gas station oil & gas industry salary in PA
\$90,959	Average annual upstream (extraction and production) salary
\$34.7 Billion	Contribution to PA economy or nearly 6 percent of PA GDP
18 th	Pennsylvania's oil production rank in the U.S.
2 nd	Pennsylvania's natural gas production rank in the U.S.
