Fuel-Less, You Can't Be Cool Without Fuel

A 17-minute educational and entertaining DVD film for teen students that uses pop music and dance to illustrate the often invisible role petroleum products play in our lives. It shows how oil is transformed into products such as gasoline, jet fuel, cosmetics, clothing, CDs, and even aspirin. The film, designed for a middle-school audience, was produced by Emmy award-winning journalist Ellen Kingsley with a cast that includes a real science teacher and several teens.
