

ICP Recertification

Continuing Professional Development (CPD) Hours

1. Areas of Focus for CPD Hours

- Training or coursework that provides CEUs
- Participation in related industry seminars, workshops, conferences, or webinars
- Presenter or Speaker as part of a related industry conference
- Technical meeting
- Technical committee service, including ICP activities
- Published technical papers on inspection related topics

2. Converting CPD Hours for Recertification Application

Note: Activity must be related to certification program and counts through one recertification cycle.

Activity Type	Number of CPD Credits
Continuing Education Units (CEU) <ul style="list-style-type: none"> • Receive a certificate of completion or mastery 	1 CEU = 4 CPD credits
Participation in Industry Events <ul style="list-style-type: none"> • Meetings must be a minimum of 50 min. duration for CPD credits to count 	50 min = 1 CPD credit
Presenter/Speaker <ul style="list-style-type: none"> • Including hours for preparation 	Maximum of 8 CPD hours accepted
Technical Papers <ul style="list-style-type: none"> • Must have been published • Must be on Inspection Related Activities • Blogs not accepted 	Maximum of 8 CPD hours accepted
Technical Meeting in in Certificant’s company <ul style="list-style-type: none"> • Can either attend or facilitate meeting • Meetings must be a minimum of 50 min. duration for CPD credits to count • Typical company safety meetings not accepted 	50 min = 1 CPD credit

<p>Technical Committee Service</p> <ul style="list-style-type: none">• Industry Standards Meetings (API, ASME, NACE, etc.)• ICP Test Development Meetings	
<p>Note: CPD activities completed within the identified recertification cycle can apply to multiple applicable recertifications.</p> <ul style="list-style-type: none">• Example: A certificant holds an API 510 and API 653 both recertifying in 2022. That certificant needs 8 CEU hours for each certification each year. The certificant takes a Mechanical Integrity training course for 8 hours in 2020. These 8 hours can be applied to both the API 510 and API 653 for those recertification terms.	

Examples of Acceptable CPDs:

- Corrosion review
- Process hazard analysis (PHA)
- 9 yr. recertification bootcamp for CWI
- Corrosion, damage mechanisms
- new and emerging technologies in inspection

Examples of Unacceptable CPDs:

- Activities to maintain ASNT SNT-TC-1A
- Safety meetings

3. Verifying CPD Hours

All CPD hours must be documented with proof and submitted with your ICP Recertification Application on the Education Page. Proof includes:

- Certificate of completion
- Published Abstract/article
- Agenda/program schedule/public web link to program showing proof are acceptable
 - Any of the above should document participation with the Inspectors Name
- Proof of workshop/seminar attendance
- API CPD Activities Form (must be completed and signed by Event Host or Supervisor)
 - Download the form prior to event
