RE: API Spec 11D1 Licensing Information Form

Please be advised that the Licensing Information Form for API Spec 11D1 - *Packers and Bridge Plugs*, has been updated to include Validation Grads V3-H and V0-H. This is a revised document that accurately represents the products that can be Licensed under API 11D1.

All API Monogram Licensing Information Forms (LIFs) are available on the API website at [Monogram Licenses & Licensing Information Forms](#). LIFs list the products that can be licensed under a particular API standard and will help your organization determine the best scope for your API Monogram License(s).

When submitting your Renewal application in the myCerts portal, you will have the ability to select the desired products at that time. Use an LIF only when requesting a change to the scope of your current license in-between Renewal applications. Send completed forms and inquiries to certification@api.org.

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

Together, we can [Power Past Impossible!](#)

Sincerely,

Sharon Bowie
Manager of Operations, Monogram/APIQR
