To: API Monogram Participants
API Monogram Applicants

FROM: API Monogram Program

Notification of Advisory 14- Monogram Program License-Specific Requirements Update

Please be advised that API Advisory 14 has been updated to include requirements for API Spec 5CT and API Spec 9A.

Note that a new term, "Industry Mark", is being introduced to some product specifications under the scope of API Subcommittee 5. For specifications that fall under the API Monogram Program, the "Industry Mark" term may be used to identify where the API Monogram Mark is to be applied. As additional product specifications are updated to incorporate this new term, API will revise Advisory 14 to specify the Monogram Marking requirements associated with these specifications.

The authorized API Advisory 14 document can be found at [API Monogram & APIQR Program Documents/Advisories](#).

For any questions or concerns related to this update, please contact us at www.api.org/ContactMonogram.

Your continued support of and participation in the Monogram Program are greatly appreciated.

Sincerely,

Kevin Ferrick
Senior Director, API Monogram Program /APIQR
