Oklahoma's Workforce and Economy: Powered by Natural Gas and Oil

Oklahoma's natural gas and oil supports more than 351,000 jobs, provides over \$32 billion in wages and contributes more than \$57 billion to the state's economy. America's natural gas and oil powers every sector of the U.S. economy and reaches every facet of our lives, from heating our homes and fueling transportation to supporting the manufacture of products we use every single day. Across the country, 10.8 million jobs are supported by U.S. natural gas and oil, which represents 5.4% of the nation's total employment.¹
