Pennsylvania’s Workforce and Economy: Powered by Natural Gas and Oil

Pennsylvania’s natural gas and oil supports more than 423,000 jobs, provides over $40 billion in wages and contributes more than $75 billion to the commonwealth’s economy. America’s natural gas and oil powers every sector of the U.S. economy and reaches every facet of our lives, from heating our homes and fueling transportation to supporting the manufacture of products we use every single day. Across the country, 10.8 million jobs are supported by U.S. natural gas and oil, which represents 5.4% of the nation’s total employment.1

Pennsylvania’s Workforce and Economy:
Powered by Natural Gas and Oil

Good jobs mean community-supporting wages that are spent on homes, in local restaurants, and at car dealerships and small businesses. Among natural gas and oil jobs, the average wage is 65% greater than the U.S. average.2
