The Marketer understands and agrees that this OEM review of data does not relieve the Marketer of the responsibility of ensuring that this product conforms to all of the performance requirements of this test. Marketer represents and warrants that the information that has been supplied to Mack is accurate and complete and that marketer has no reason to believe that its product will not meet the performance requirements of the T-11 test. Marketer agrees to immediately notify Mack if it obtains any new information that indicates that this product does not satisfy the T-11 requirements. Marketer agrees to indemnify and hold harmless Mack from all claims relating to this review.
