RE: Discontinuance of OHSAS 18001 Registration Program

In March 2018, OHSAS 18001:2007 was replaced with ISO 45001:2018. API has decided to not offer ISO 45001 registration at this time.

Certification and Accreditation bodies around the world have agreed to a three-year migration period to allow facilities to transition to the new standard. API intends on terminating its OHSAS 18001 registration program consistent with this three-year period.

As a result, please note the following:

1. Effective today, APIQR will no longer accept new OHSAS 18001 applications.
2. APIQR will continue to perform regular activities in accordance with the APIQR Registration Requirements until March 12, 2021.
3. OHSAS 18001 annual fees will not be charged for the 2021 calendar year.
4. On March 12, 2021, all APIQR OHSAS 18001 registrations will expire.

Please contact certification@api.org if you have questions or need further information.

Sincerely,

Sharon Bowie
Manager, Monogram/APIQR
