SUBJECT: Errata to API Specification 14A

Please be advised that Errata to API Specification 14A, Subsurface Safety Valve Equipment, Twelfth Edition, January 2015, has been published and should be kept with your copies of API Spec 14A. Please note that this document requires your review and attention.

- The Date of Issue of this Edition is July 2015
- The Effective Date of this Edition is January 2016

Your facility/facilities should ensure that all revisions are incorporated into your quality management system (QMS) and that affected personnel are trained on any new requirements. Additionally, please evaluate the effectiveness of all training provided and ensure all personnel are competent to perform the required activities.

These actions should be completed prior to the specification’s Effective Date and your next scheduled audit.

You may find this, and any other errata and addendum that may be applicable to your license(s) or application(s), on our website at:

Thank you for your continued dedication and support in maintaining the highest quality and production standards throughout the oil and gas industry.

Very Respectfully
