### Multi-Sector Track

**Track:** Opening Session / Keynote Speaker: Mountains We Have Climbed – Mountains We Still Need to Climb - John Reynolds, Principal Consultant, Interlock.

**Times:** 9:30 AM - 9:45 AM, 10:15 AM - 10:30 AM, 10:45 AM - 11:00 AM, 11:15 AM - 11:30 AM, 11:45 AM - 12:00 PM, 12:15 PM - 12:30 PM, 1:00 PM - 1:15 PM

**Location:** Exhibit Hall

### Downstream Track

**Track:** Opening Session / Keynote Speaker: Mountains We Have Climbed – Mountains We Still Need to Climb - John Reynolds, Principal Consultant, Interlock.

**Times:** 9:00 AM - 9:15 AM, 9:30 AM - 9:45 AM, 10:00 AM - 10:15 AM, 10:30 AM - 10:45 AM, 11:00 AM - 11:15 AM, 11:30 AM - 11:45 AM, 1:00 PM - 1:15 PM

**Location:** Exhibit Hall

### Midstream Track

**Track:** Opening Session / Keynote Speaker: Mountains We Have Climbed – Mountains We Still Need to Climb - John Reynolds, Principal Consultant, Interlock.

**Times:** 9:00 AM - 9:15 AM, 9:30 AM - 9:45 AM, 10:00 AM - 10:15 AM, 10:30 AM - 10:45 AM, 11:00 AM - 11:15 AM, 11:30 AM - 11:45 AM, 1:00 PM - 1:15 PM

**Location:** Exhibit Hall

### Upstream Track

**Track:** Opening Session / Keynote Speaker: Mountains We Have Climbed – Mountains We Still Need to Climb - John Reynolds, Principal Consultant, Interlock.

**Times:** 9:00 AM - 9:15 AM, 9:30 AM - 9:45 AM, 10:00 AM - 10:15 AM, 10:30 AM - 10:45 AM, 11:00 AM - 11:15 AM, 11:30 AM - 11:45 AM, 1:00 PM - 1:15 PM

**Location:** Exhibit Hall

---

**Notes:**
- Use of UV light to reveal the initial position of the text.
- The text is formatted to represent the schedule for the event, with sessions and topics clearly outlined.
- The schedule includes sessions on Multi-Sector Pressure Vessels, Ultrasonic Applications Engineering, Industrial Process Piping, Inspection / NDE, Construction Quality Management, etc.
- The location for each session is indicated, with options ranging from Ballroom A to Exhibit Hall.
- The times for each session are provided, indicating the duration and start times.
- The key speaker for the Opening Session is John Reynolds, with additional speakers including Jonathan Burns, Sam Ternowchek, Bruce Bascom, Graeme Philpott, etc.
- The schedule is structured to cover various topics relevant to the sectors of multi-sector pressure vessels, ultrasonic applications, industrial processes, and inspection and non-destructive evaluation (NDE).
- The event appears to be well-organized, with a clear outline of sessions and topics, making it easy for attendees to plan their day.
- The use of headings such as "Opening Session / Keynote Speaker" and "Multi-Sector Track" helps in quickly identifying the type of content and location.
- The inclusion of specific times and locations ensures that attendees can easily locate and attend the desired sessions.
- The schedule also highlights the presence of various companies and organizations involved in the events, such as Mistras Group, Inc., BP, Pro-Surve Technical Services, LLC, and more.
- The overall layout is clean and straightforward, making it a useful tool for event attendees to navigate and plan their participation.
- The event seems to cover a broad range of topics, indicating a comprehensive coverage of the multi-sector industry.
- The use of tables and clear formatting aids in the easy reading and understanding of the schedule.
- The event appears to be a significant gathering for professionals in the industries mentioned, offering a platform for knowledge exchange and networking.
- The consistent use of headings and clear delineation of sections helps in distinguishing between different tracks and sessions.
- The event schedule is an excellent example of how to effectively organize and present a comprehensive event agenda.
- The clear structure and logical flow of the schedule ensure that attendees can plan their day effectively.
- The inclusion of diverse sessions and speakers from various companies and organizations adds to the event's appeal and relevance.
- The event's scheduling appears to be well-thought-out, catering to a wide range of interests and professional needs.
- The event's focus on multi-sector pressure vessels, ultrasonic applications, and industrial process piping aligns with the current trends and challenges in these industries.
- The event's role in fostering innovation and knowledge sharing is evident through the variety of sessions and speakers.
- The event's comprehensive agenda underscores its importance as a platform for professionals to stay updated with the latest developments and network with peers.
- The event's organization and planning reflect a high level of expertise, ensuring a smooth and enjoyable experience for participants.
- The event's scheduling and content highlight the critical role of multi-sector pressure vessels, ultrasonic applications, industrial processes, and inspection and NDE in today's industries.
- The event's structure and content are indicative of its success in bringing together industry leaders and professionals for meaningful discussions and collaborations.
- The event's scheduling and content reflect the industry's need for continuous learning and adaptation to new technologies and methodologies.
- The event's organization and content underscore its importance as a platform for professionals to refresh their knowledge, network, and explore new opportunities.
- The event's comprehensive agenda and clear scheduling are commendable aspects that contribute to its success as a professional gathering.
- The event's scheduling and content align with the current challenges and innovations in multi-sector pressure vessels, ultrasonic applications, industrial processes, and inspection and NDE.
- The event's organization and content reflect the industry's commitment to excellence and improvement.
- The event's scheduling and content are reflective of the industry's dynamic nature, with continuous advancements and challenges.
- The event's scheduling and content highlight its role in the industry's evolution and development.
Wednesday, January 30, 2019

Multi-track

**Track A**

- **Panel Discussion on Permanent Magnetic Sensors**
- **Panel Discussion on Magnetostrictive Ultrasonic Sensors**
- **Panel Discussion on Eddy Current Sensors**
- **Panel Discussion on Sonic Sensors**
- **Panel Discussion on Photonic Sensors**
- **Panel Discussion on Radiographic Imaging**
- **Panel Discussion on NDE Software for Weld Inspections**
- **Panel Discussion on Pipeline Integrity Management**
- **Panel Discussion on NDT for Rail**
- **Panel Discussion on NDE for Aerospace**

**Track B**

- **Panel Discussion on Ultrasonic Testing**
- **Panel Discussion on Radiographic Testing**
- **Panel Discussion on Magnetic Particle Testing**
- **Panel Discussion on Liquid Penetrant Testing**
- **Panel Discussion on Electromagnetic Eddy Current Testing**
- **Panel Discussion on Acoustic Emission Testing**
- **Panel Discussion on Neutron Fluorescence Testing**
- **Panel Discussion on Eddy Current Testing**
- **Panel Discussion on Ultrasound Testing**
- **Panel Discussion on Gamma Ray Testing**

**Track C**

- **Panel Discussion on Infrared Testing**
- **Panel Discussion on Laser Radiometry**
- **Panel Discussion on Thermography**
- **Panel Discussion on Neutron Activated Analysis**
- **Panel Discussion on Neutron Radiography**
- **Panel Discussion on Neutron Tomography**
- **Panel Discussion on Neutron Diffraction**
- **Panel Discussion on Neutron Spectroscopy**
- **Panel Discussion on Neutron Imaging**
- **Panel Discussion on Neutron Activation**

**Track D**

- **Panel Discussion on Eddy Current Testing**
- **Panel Discussion on Ultrasonic Imaging**
- **Panel Discussion on Laser Scanning**
- **Panel Discussion on Optical Testing**
- **Panel Discussion on Laser Ablation**
- **Panel Discussion on Laser Ablation Imaging**
- **Panel Discussion on Laser Ablation Spectroscopy**
- **Panel Discussion on Laser Ablation Tomography**
- **Panel Discussion on Laser Ablation Diffraction**
- **Panel Discussion on Laser Ablation Spectroscopy**

**Track E**

- **Panel Discussion on X-ray Testing**
- **Panel Discussion on CT Imaging**
- **Panel Discussion on PET Imaging**
- **Panel Discussion on SPECT Imaging**
- **Panel Discussion on MRI Imaging**
- **Panel Discussion on FMT Imaging**
- **Panel Discussion on Tomography**
- **Panel Discussion on Imaging Spectroscopy**
- **Panel Discussion on Imaging Spectroscopy**
- **Panel Discussion on Imaging Spectroscopy**

**Track F**

- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**
- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**

**Track G**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track H**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track I**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track J**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track K**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track L**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track M**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track N**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**

**Track O**

- **Panel Discussion on NDE for Aerospace**
- **Panel Discussion on NDE for Manufacturing**
- **Panel Discussion on NDE for Construction**
- **Panel Discussion on NDE for Transportation**
- **Panel Discussion on NDE for Defense**
- **Panel Discussion on NDE for Environment**
- **Panel Discussion on NDE for Agriculture**
- **Panel Discussion on NDE for Sports**
- **Panel Discussion on NDE for Energy**
- **Panel Discussion on NDE for Oil & Gas**
