

ENERGY WORKS

America's oil and natural gas industry currently supports 9.8 million jobs throughout the economy.¹ Some in Congress are proposing and considering targeted tax increases for only U.S. oil and gas companies. The impact of such could compromise these high-paying union and non-union jobs, threaten our energy security and decrease American companies competitiveness with foreign based operations.

The people of
MAINE

are part of the oil and natural gas industry.

| | |
|------------------|---|
| 494,810 | Total employment for all industries and sectors in ME |
| \$39,966 | Average annual salary in ME across all industries and sectors |
| 28,800 | Direct, indirect, induced jobs provided by oil & gas industry in ME |
| \$45,453 | Average annual non-gas station oil & gas industry salary in ME |
| \$2.4 Billion | Contribution to ME economy or 4.2 percent of ME GDP |
| 32 nd | Maine's oil production rank in the U.S. |
| 33 rd | Maine's natural gas production rank in the U.S. |
