CT	25.00	10.75	35.75	54.15	44.60	0.00	44.60	69.00	Connecticut Department of Revenue Service calculated a new diesel tax rate of 44.6 cpg for a 12 month period starting 7/1/20; a 1.9 cpg decrease. "Other Taxes" column for gasoline includes petroleum gross receipts earnings tax collected at the wholesale level. The gross receipts tax is 8.1%, but is not assessed on diesel, biodiesel, or straight ethanol. The petroleum gross receipts earnings tax is capped at \$3 per gallon per SB 457 Conn. General Statute § 12-587(a)(2) enacted in 2012. The state is calculating the gross receipts tax on \$3 wholesale gasoline and not the amount in excess of \$3. With this \$3 per gallon cap, the maximum amount of the other fees would be 26.4 cpg and would be less when the price of gasoline falls below \$3 per gallon. Failure to cap the tax at \$3 per gallon would constitute a violation of the state price gouging statute. As of 7/1/20 the CT Petroleum Gross Receipts Tax is 10.75 cpg.
