API Specification Q1

Specification for Quality Management System Requirements for Manufacturing Organizations for the Petroleum and Natural Gas Industry

NINTH EDITION | JUNE 2013 | 47 PAGES | \$120.00 | PRODUCT NO. G0Q109

This specification establishes the minimum quality management system requirements for organizations that manufacture products or provide manufacturing-related processes under a product specification for use in the petroleum and natural gas industry.

This specification specifies the requirements of a quality management system for an organization to demonstrate its ability to consistently provide reliable products and manufacturing-related processes that meet customer and legal requirements.

The quality management system requirements specified in this specification are in alignment with the section requirements and format of document used for the provision of services and use of service-related product (API Q2). Information marked "NOTE" are not requirements but are provided for guidance in understanding or clarifying the associated requirement.
